

Material Safety Data Sheet

Ajax Surface & Glass - Vinegar & Grapefruit

Infosafe no. LPTOU **Issue Date** September 2004 **Status** ISSUED by COLGATE

Not classified as hazardous according to criteria of Worksafe Australia

COMPANY DETAILS

Company Name Colgate-Palmolive Pty Ltd (ACN 002 792 163)
Address Level 15, 345 George Street, Sydney
 NSW 2000
Emergency Tel. 1800 638 556
Tel/Fax Tel: (02) 9229 5600 Fax: (02) 9232 8448

IDENTIFICATION

Product Name Ajax Surface & Glass - Vinegar & Grapefruit
Proper Shipping Name COMBUSTIBLE LIQUID - CLASS C1 Flashpoint > 61°-150°C
Other Names Name Manf. Code
 AJAX SURFACE & GLASS
UN Number None Allocated
DG Class None Allocated
Packing Group None Allocated
Hazchem Code None Allocated
Poisons Schedule Not Scheduled
Product Use Multipurpose hard surface spray cleaner, especially suitable for glass.

Physical Data

Appearance Clear uncoloured non-viscous liquid
Boiling Point Not available
Vapour Pressure Not available
Specific Gravity 0.995 - 1.005
Flash Point Not available

Solubility in Water **Soluble**

Other Properties

Corrosiveness Not corrosive to metals
pH Value 5.5 - 6.5
Viscosity < 20 cps @ 25°C
Form Liquid
Stability Stable under normal conditions of storage and handling.
Haz.
Polymerization Will not occur.
Materials to Avoid Strong oxidising agents.

Ingredients

Information on Composition A mixture of water and additives including those listed above.

Ingredients	Name	CAS	Proportion
	Water	7732-18-5	90-95 %
	1-Butoxy-2-propanol	5131-66-8	3 %
	Ingredients determined not to be hazardous	Not required	(Balance)

HEALTH HAZARD INFORMATION

Health Effects

Acute - Swallowed May cause irritation of the gastrointestinal system. Symptoms may include pain, nausea, vomiting and diarrhoea.

Acute - Eye May cause mild to moderate irritation in contact with the eyes, including redness and stinging.

Acute - Skin May cause irritation in individuals with sensitive skin resulting in allergic skin dermatitis.

Acute - Inhaled Practically non-harmful however, may cause mild irritation to some individuals.

Hazards Identification
Chronic Not classified as Hazardous according to criteria of NOHSC.
 Not classified as Dangerous Goods according to the ADG Code.
 Prolonged or repeated exposure to this material may result in skin irritation leading to dermatitis.

First Aid

Swallowed	Do not induce vomiting. Immediately wash mouth out with water. If symptoms develop or persist, seek medical attention.
Eye	If in eye(s) wash with copious amounts of water, holding eyelid(s) open. Take care not to rinse contaminated water into the non-affected eye. If irritation develops or persists, seek medical attention.
Skin	If irritation develops, discontinue use. Seek medical attention.
Inhaled	None required under normal conditions of use. However, if breathing is affected, remove source of contamination or victim to fresh air. If irritation persists, seek medical attention.

Advice to Doctor

Advice to Doctor	Treat symptomatically.

Other Health Hazard Information

PRECAUTIONS FOR USE

Exposure Limits	No exposure standards have been established for this material by the National Occupational Health And Safety Commission (NOHSC).
Eng. Controls	No special engineering controls required. However, under industrial applications, provide sufficient ventilation to keep airborne levels to a minimum. Where excessive vapours or mists are generated, the use of local exhaust ventilation system is recommended.

Personal Protection

Respirator Type (AS 1716)	Not required under normal conditions of use. Industrial Applications: Refer to Australian Standard AS 1716 and AS 1715. Filter capacity and respirator type depends on exposure levels.
Eye Protection	Not required. However, avoid eye contact. Industrial Applications: Refer to Australian Standard AS/NZS 1337 - Eye Protectors for Industrial Applications.
Glove Type	Not required under normal conditions of use. Industrial Applications: May require gloves when handling large amounts.
Clothing	Not required under normal conditions of use. Industrial Applications: Suitable impervious protective clothing.
Footwear	Not required under normal conditions of use. Industrial Applications: Safety boots with non-slip soles as required.

Flammability

Fire Hazards Non-flammable, non-combustible however if involved in a fire once all the water has been driven off, may release toxic gases.

SAFE HANDLING INFORMATION

Storage and Transport

Storage Precautions Store in a cool, dry place, out of direct sunlight. Protect from frost. Avoid contact with incompatible materials that support combustion, such as strong oxidising agents.

Transport Not classified as a Dangerous Good, according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (6th Edition).

Handling It is essential that all who come into contact with large quantities of this material, maintain high standards of personal hygiene i.e. washing hands prior to eating, drinking, smoking or going to the toilet. Build-up of vapours or mist in the working atmosphere must be prevented. Ensure ventilation is adequate. Keep containers closed when not in use.

Proper Shipping Name COMBUSTIBLE LIQUID - CLASS C1 Flashpoint > 61°-150°C

Spills and Disposal

Disposal Large spills: Dispose of waste according to federal, E.P.A., state and local regulations. Assure conformity with all applicable regulations.

Accidental Release Measures Small spill: Mop up and wash surfaces well with water.
Large spill: Contain and place absorbent material such as vermiculite, sand or onto spillage. Collect and place into a suitable labelled container. If large quantities of this material enter the waterways contact the Environmental Protection Authority, or your local Waste Management Authority.

Fire/Explosion Hazard

Fire/Explos. Hazard Non-flammable. May release toxic fumes if involved in a fire.

Fire Fighting Procedures Wear Self-Contained Breathing Apparatus (S.C.B.A) and full protective clothing to minimise exposure.

Hazchem Code None Allocated

OTHER INFORMATION

Toxicology	No toxicity data is available for this material.
Environ. Protection Safety	Prevent unnecessarily large amounts from entering the waterways.
Statement	S25 Avoid contact with eyes.
Ecotoxicity	No data is available for this material.
Persistence / Degradability	No data is available for this material.
Mobility	No data is available for this material.
SDS History	MSDS Creation: September 2004.

CONTACT POINT

Contact	24Hr Emergency Response - 1800 638 556 The information on this sheet is limited to the material identified and is believed by Colgate-Palmolive Pty Ltd to be correct based on its knowledge and information as of the date noted. Colgate Palmolive Pty Ltd makes no representation, guarantee or warranty, expressed or implied, as to the accuracy, reliability or completeness of the information and assumes no responsibility for injury, damage or loss resulting from the use of the material.
