

Material Safety Data Sheet

CS: 1.4.20

Page: 1 of 4

Infosafe No™ LPX4H Issue Date :February 2008 ISSUED by COLGATE CS: 1.4.20

Product Name : SAVACOL MOUTHRINSE - FRESH MINT

Not classified as hazardous

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product Name SAVACOL MOUTHRINSE - FRESH MINT
Company Name Colgate-Palmolive Pty Ltd (ABN 002 792 163)
Address Level 15, 345 George Street, Sydney
NSW 2000 Australia
Emergency Tel. AUS 1800 638 556, NZ: 0800 764766
Telephone/Fax Number Tel: (02) 9229 5600
Fax: (02) 9232 8448, NZ: 0800 441740
Recommended Use Oral rinse.

2. HAZARDS IDENTIFICATION

Hazard Classification Not classified as hazardous
NON-HAZARDOUS SUBSTANCE.
NON-DANGEROUS GOODS.
Hazard classification according to the criteria of NOHSC.
Dangerous goods classification according to the Australia Dangerous Goods Code.
Risk Phrase(s) Not classified as hazardous
Safety Phrase(s) S25 Avoid contact with eyes.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients	Name	CAS	Proportion
	Glycerin	56-81-5	0-10 %
	Ethanol	64-17-5	0-10 %
	POLYSORBATE 20	9005-64-5	0-1 %
	Ingredients determined not to be hazardous.		Balance

4. FIRST AID MEASURES

Inhalation Not usually required, however, if breathing is affected, remove source of contamination or victim to fresh air.
Ingestion Do not induce vomiting. Wash mouth out with water. If symptoms develop seek medical attention.
Skin Not usually required, however under extreme circumstances, wash affected area thoroughly with soap and water. If symptoms develop seek medical attention.
Eye If in eye(s) wash with copious amounts of water, holding eyelid(s) open. Take care not to rinse contaminated water into the non-affected eye. If irritation develops or persists, seek medical attention.
First Aid Facilities Normal washroom facilities.
Advice to Doctor Treat symptomatically.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media Use appropriate fire extinguisher for surrounding environment.
Special Protective Equipment for fire fighters Fire-fighters should wear full protective clothing and self contained breathing apparatus (SCBA).
Specific Hazards Non-combustible material. Aqueous solution containing <10% alcohol (ethanol).

6. ACCIDENTAL RELEASE MEASURES

Emergency Procedures Slippery when spilt. Avoid accidents, clean up immediately.
Small spill: Mop up and wash surfaces well with water.
Large spill: Contain and place absorbent material such as vermiculite, sand or dirt onto spillage. Collect and place into a suitable labelled container. If this material enter the waterways contact the Environmental Protection

Material Safety Data Sheet

Product Name : **SAVACOL MOUTHRINSE - FRESH MINT**

Not classified as hazardous

Authority, or your local Waste Management Authority.

7. HANDLING AND STORAGE

Precautions for Safe Handling Industrial applications: Build-up of vapours or mist in the working atmosphere must be prevented. Ensure ventilation is adequate. Keep containers closed when not in use. It is essential that all who come into contact with large quantities of this material, maintain high standards of personal hygiene i.e. washing hands prior to eating, drinking, smoking or going to the toilet.

Conditions for Safe Storage Store in a cool, dry place, out of direct sunlight. Avoid damage to containers.

Corrosiveness Not corrosive to metals.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

National Exposure Standards	Name	STEL		TWA		Footnote
		mg/m3	ppm	mg/m3	ppm	
	Glycerin			10		As Glycerin mist
	Ethanol			1880	1000	
Biological Limit Values	No biological limit allocated.					
Other Exposure Information	No exposure standards have been established for this material by the National Occupational Health And Safety Commission (NOHSC). However, exposure standards for ingredients are stated above:					
	As published by the National Occupational Health and Safety Commission (NOHSC):					
	TWA - the Time-Weighted Average airborne concentration over an eight-hour working day, for a five-day working week over an entire working life.					
	STEL (Short Term Exposure Limit) - the average airborne concentration over a 15 minute period which should not be exceeded at any time during a normal eight-hour workday.					
	According to current knowledge these concentrations should neither impair the health of, nor cause undue discomfort to, nearly all workers.					
Engineering Controls	Natural ventilation should be sufficient. However, under industrial applications, provide sufficient ventilation to keep airborne levels to the lowest possible levels. Where vapours or mists are generated and exposure standards are exceeded, the use of respiratory protection, or a local exhaust ventilation system is recommended.					
Respiratory Protection	Not required under normal conditions of use. Industrial Applications: If engineering controls are not effective in controlling airborne exposure then respiratory protective equipment should be used suitable for protecting against airborne contaminants. Final choice of appropriate breathing protection is dependant upon actual airborne concentrations and the type of breathing protection required will vary according to individual circumstances. Expert advice may be required to make this decision. Reference should be made to Australian Standards AS/NZS 1715, Selection, Use and maintenance of Respiratory Protective Devices; and AS/NZS 1716, Respiratory Protective Devices.					
Eye Protection	Not required under normal conditions. However, avoid eye contact. Industrial Applications: Safety glasses with side shields, goggles or full-face shield as appropriate recommended. Final choice of appropriate eye/face protection will vary according to individual circumstances i.e. methods of handling or engineering controls and according to risk assessments undertaken. Eye protection should conform with Australian/New Zealand Standard AS/NZS 1337 - Eye Protectors for Industrial Applications.					
Hand Protection	Not required under normal conditions of use. Industrial Applications: Wear gloves of impervious material. Final choice of appropriate gloves will vary according to individual circumstances i.e. methods of handling or according to risk assessments undertaken. Reference should be made to AS/NZS 2161.1: Occupational protective gloves - Selection, use and maintenance.

Infosafe No™ LPX4H	Issue Date :February 2008	ISSUED by COLGATE	CS: 1.4.20
--------------------	---------------------------	-------------------	------------

Product Name : **SAVACOL MOUTHRINSE - FRESH MINT**

Not classified as hazardous

Body Protection Not required under normal conditions of use.
Industrial Applications: Wear appropriate clothing including chemical resistant apron where clothing is likely to be contaminated. It is advisable that a local supplier of personal protective clothing is consulted regarding the choice of material.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance Blue clear liquid.
Odour Minty odour.
Melting Point Not available
Boiling Point Not available
Solubility in Water Soluble
Specific Gravity 1.0025
pH Value 6.25
Vapour Pressure Not available
Vapour Density (Air=1) Not available
Viscosity Water thin.
Flash Point Not applicable.
Flammability Non-combustible material.
Auto-Ignition Temperature Not applicable.
Flammable Limits - Lower Not applicable.
Flammable Limits - Upper Not applicable.

10. STABILITY AND REACTIVITY

Chemical Stability Stable under normal conditions.
Conditions to Avoid Extremes of temperature and direct sunlight.
Incompatible Materials Strong oxidising agents.
Hazardous Decomposition Products Not available
Hazardous Polymerization Will not occur.

11. TOXICOLOGICAL INFORMATION

Toxicology Information No toxicity data is available for this material.
Inhalation Not likely to cause adverse effects from inhalation.
Ingestion Ingestion of this product may irritate the gastric tract causing nausea and vomiting. Ingestion of large amounts may lead to central nervous system effects, dizziness and drowsiness.
Skin May cause redness, itching and irritation.
Eye May cause eye irritation, tearing, stinging, blurred vision, and redness.
Chronic Effects Not available

12. ECOLOGICAL INFORMATION

Ecotoxicity No data available for this specific product.

Material Safety Data Sheet

CS: 1.4.20

Page: 4 of 4

Infosafe No™ LPX4H Issue Date :February 2008 ISSUED by COLGATE CS: 1.4.20

Product Name : **SAVACOL MOUTHRINSE - FRESH MINT**

Not classified as hazardous

Persistence / Degradability Not available.
Mobility Not available.
Bioaccumulative Potential Not available.
Environ. Protection Prevent large quantities of this material from entering the environment.

13. DISPOSAL CONSIDERATIONS

Disposal Considerations Dispose of according to relevant government regulations.

14. TRANSPORT INFORMATION

Transport Information Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.

15. REGULATORY INFORMATION

Poisons Schedule Not Scheduled

16. OTHER INFORMATION

Date of preparation or last revision of MSDS MSDS created: February 2008
