

# Material Safety Data Sheet

## COLGATE SENSITIVE FRESH STRIPE(CITRATE BASE)

**Infosafe no.** LPVGU      **Issue Date** June 2006      **Status** ISSUED by COLGATE

**Not classified as hazardous according to criteria of Worksafe Australia**

### COMPANY DETAILS

**Company Name** Colgate-Palmolive Pty Ltd (ACN 002 792 163)  
**Address** Level 15, 345 George Street, Sydney  
NSW 2000  
**Emergency Tel.** 1800 638 556  
**Tel/Fax** Tel: (02) 9229 5600 Fax: (02) 9232 8448

### IDENTIFICATION

**Product Name** COLGATE SENSITIVE FRESH STRIPE(CITRATE BASE)  
**Proper Shipping Name** None Allocated  
**Other Names** None Listed  
**UN Number** None Allocated  
**DG Class** None Allocated  
**Packing Group** None Allocated  
**Hazchem Code** None Allocated  
**Poisons Schedule** Not Scheduled  
**Product Use** Dental cream

### Physical Data

**Appearance** Blue and white stripes  
**Vapour Pressure** Not available  
**Specific Gravity** 1.35-1.39  
**Flash Point** Not applicable

<b>Flamm. Limit</b>	
<b>LEL</b>	Not applicable
<b>Flamm. Limit</b>	
<b>UEL</b>	Not applicable
<b>Solubility in</b>	
<b>Water</b>	Partially soluble

---

## Other Properties

---

<b>Autoignition</b>	
<b>Temp.</b>	Not applicable
<b>pH Value</b>	6.0-7.0
<b>Odour</b>	Not available
<b>Viscosity</b>	Approx. 300,000 cPs @ 25°C
<b>Stability</b>	Stable under normal conditions.
<b>Haz.</b>	
<b>Polymerization</b>	Will not occur.
<b>Materials to</b>	
<b>Avoid</b>	Strong oxidising agents.

---

## Ingredients

---

<b>Ingredients</b>	<b>Name</b>	<b>CAS</b>	<b>Proportion</b>
	GLYCERIN	56-81-5	10-30 %
	SORBITOL	50-70-4	10-30 %
	Synthetic Amorphous Silica Precipitated	112926-00-8	10-30 %
	Ingredients determined not to be hazardous	-	10-30 %
	Potassium Citrate	866-84-2	0-10 %
	PEG-12	6790-09-6	0-5 %
	SODIUM LAURYL SULPHATE	151-21-3	0-5 %
	Fresh spearmint dental flavour		0-1 %
	Sodium fluoride	7681-49-4	0-1 %
	SODIUM MONOFLUOROPHOSPHATE	7631-97-2	0-1 %

---

## HEALTH HAZARD INFORMATION

---

---

### Health Effects

---

<b>Acute - Swallowed</b>	Ingestion of this product may irritate the gastric tract causing nausea and vomiting.
------------------------------	---

<b>Acute - Eye</b>	May cause eye irritation, tearing, stinging, blurred vision, and redness.
<b>Acute - Skin</b>	May cause irritation to individuals with sensitive skin.
<b>Chronic</b>	Not available.

### First Aid

<b>Swallowed</b>	DO NOT INDUCE VOMITING. Wash out mouth with water. If irritation develops, seek medical attention.
<b>Eye</b>	If contact with the eye(s) occur, wash with copious amounts of water holding eyelid(s) open. Take care not to rinse contaminated water into the non-affected eye. If symptoms develop and persist, seek medical attention.
<b>Skin</b>	Wash gently and thoroughly with water and soap. Remove contaminated clothing and wash before reuse or discard. If irritation develops and persists, seek medical attention.
<b>Inhaled</b>	None required. However, if breathing is effected, remove source of contamination or victim to fresh air.

### Advice to Doctor

<b>Advice to Doctor</b>	Treat symptomatically.
-------------------------	------------------------

### Other Health Hazard Information

### PRECAUTIONS FOR USE

<b>Other Exposure Info.</b>	No exposure standards have been established for this material by the National Occupational Health And Safety Commission (NOHSC). However, exposure standards for ingredients are stated above:
-----------------------------	--

As published by the National Occupational Health and Safety Commission (NOHSC):

TWA - the Time-Weighted Average airborne concentration over an eight-hour working day, for a five-day working week over an entire working life.

According to current knowledge these concentrations should neither impair the health of, nor cause undue discomfort to, nearly all workers.

**Eng. Controls** Natural ventilation should be sufficient. However, under industrial applications, provide sufficient ventilation to keep airborne levels to the lowest possible levels. Where vapours or mists are generated and exposure standards are exceeded, the use of respiratory protection, or a local exhaust ventilation system is recommended.

## Personal Protection

**Respirator Type (AS 1716)** Not required under normal conditions of use.  
**Industrial Applications:** If engineering controls are not effective in controlling airborne exposure then respiratory protective equipment should be used suitable for protecting against airborne contaminants. Final choice of appropriate breathing protection is dependant upon actual airborne concentrations and the type of breathing protection required will vary according to individual circumstances. Expert advice may be required to make this decision. Reference should be made to Australian Standards AS/NZS 1715, Selection, Use and maintenance of Respiratory Protective Devices; and AS/NZS 1716, Respiratory Protective Devices.

**Eye Protection** Not required under normal conditions of use. However, avoid eye contact.  
**Industrial Applications:** The use of safety glasses as appropriate when handling large quantities. Refer to Australian Standard AS/NZS 1337 - Eye Protectors for Industrial Applications.

**Glove Type** Not required under normal conditions of use.  
**Industrial Applications:** Wear gloves of impervious material. Final choice of appropriate gloves will vary according to individual circumstances i.e. methods of handling or according to risk assessments undertaken. Reference should be made to AS/NZS 2161.1: Occupational protective gloves - Selection, use and maintenance.

**Clothing** Not required under normal conditions of use.  
**Industrial Applications:** Wear appropriate clothing including chemical resistant apron where clothing is likely to be contaminated. It is advisable that a local supplier of personal protective clothing is consulted regarding the choice of material.

## Flammability

**Fire Hazards** Non-combustible material. However, following evaporation of aqueous component, the dried residue may burn if ignited.

## SAFE HANDLING INFORMATION

---

---

## Storage and Transport

---

<b>Storage Precautions</b>	Store in a cool, dry well-ventilated area. Keep containers closed when not in use and securely sealed and protected against physical damage. Inspect regularly for deficiencies such as damage or leaks. Avoid contact with incompatible materials.
<b>Handling</b>	For industrial use. Avoid, inhalation skin and eye contact. It is essential that all who come into contact with large quantities of this material, maintain high standards of personal hygiene i.e. washing hands prior to eating, drinking, smoking or going to the toilet.
<b>Proper Shipping Name</b>	None Allocated

---

## Spills and Disposal

---

<b>Accidental Release Measures</b>	Slippery when spilt. Avoid accidents, clean up immediately. Small spill: Mop up & wash residue to drain with copious amounts of water. Large spill: Contain and place absorbent material such as vermiculite, sand onto spillage. Scrape up/collect material and place into a suitable labelled container. Clean area with soap and water, collect residue and place into the same container. If large quantities of this material enter the waterways contact the Environmental Protection Authority, or your local Waste Management Authority.
<b>Disposal Considerations</b>	Dispose of waste according to federal, E.P.A., state and local regulations.

---

## Fire/Explosion Hazard

---

<b>Fire/Explos. Hazard</b>	Non-combustible material. However, following evaporation of aqueous component, the dried residue may burn if ignited.
<b>Hazardous Combustion Products</b>	Under fire conditions this product may emit toxic and/or irritating fumes.
<b>Hazardous Decomposition or Byproducts</b>	Not available.
<b>Hazardous Reaction</b>	Unknown.
<b>Hazchem Code</b>	None Allocated

---

## OTHER INFORMATION

<b>Toxicology</b>	No toxicity data is available for this material.
<b>Environ. Protection</b>	Prevent large quantities of this material from entering the environment.
<b>Ecotoxicity</b>	No ecological data is available for this material.
<b>SDS History</b>	MSDS Created: June 2006

---

## CONTACT POINT

---

<b>Contact</b>	<p>24Hr Emergency Response - 1800 638 556</p> <p>The information on this sheet is limited to the material identified and is believed by Colgate-Palmolive Pty Ltd to be correct based on its knowledge and information as of the date noted. Colgate Palmolive Pty Ltd makes no representation, guarantee or warranty, expressed or implied, as to the accuracy, reliability or completeness of the information and assumes no responsibility for injury, damage or loss resulting from the use of the material.</p>
